SUMMARY

Business and data analytics professional with 3+ years of experience supporting growth, monetization, pricing, retention, and operational decision-making through SQL, Python, and Power BI. Strong track record of defining KPIs, building dashboards, consolidating behavioral and commercial data, and translating analysis into practical recommendations for business stakeholders. Experienced across marketing, customer value, funnel, and portfolio analytics.

EXPERIENCE

Marketing Data Analyst Consultant

Aug 2025 - Present

Freelance

Remote

- Partnered with marketing and business teams on growth and monetization analysis to support recurring performance reviews and decision-making.
- Designed SQL- and Python-based data pipelines consolidating behavioral, sales, and CRM data, reducing manual reporting by 8-10 hours per week.
- Defined and maintained acquisition, retention, and monetization KPIs used in prioritization and business review discussions.
- Built self-serve Power BI dashboards so non-technical stakeholders could track funnel health, performance trends, and experiment outcomes.

Data & Digital Transformation Manager (Family-Owned Optical Retailer)

Oct 2023 - Present

M.Y. Optical

New Delhi, INDIA

- Led analytics-driven initiatives across inventory, pricing, and portfolio performance for 1,000+ SKUs.
- Built operational dashboards tracking demand signals, stock movement, and pricing effectiveness, accelerating root cause analysis.
- Partnered with business owners to evaluate pricing and promotion strategies, contributing to margin improvement from ~10% to ~40% within 8 months.
- Implemented automated reporting and data validation workflows, improving data reliability and reducing manual errors by 25%.

Marketing Analytics Lead (Co-Founder)

Dec 2021 - Jul 2023

A3H Consultants, LLP.

New Delhi, INDIA

- Supported SME clients with growth and monetization diagnostics across acquisition, conversion, and retention journeys.
- Conducted cohort- and revenue-based analyses to identify performance gaps and long-term value opportunities.
- Delivered dashboards and structured insights used in client business reviews and strategic planning discussions.
- Established repeatable analytics frameworks, improving consistency and reducing ad-hoc analysis.

Digital Project Manager

Aug 2018 - Feb 2019

360Crossmedia

Luxembourg City, LUXEMBOURG

- Coordinated cross-functional teams to deliver a digital consulting platform, improving lead conversion and reducing booking friction by 60%.
- Managed scope, timelines, and stakeholder alignment using agile workflows.

EDUCATION

EDHEC Business School

Grande Ecole Master in Management and MSc. Marketing Management, Luxury & Fashion Management

Sep 2017 - Dec 2020

Lille, FRANCE

Jamia Millia Islamia

Bachelor of Business Studies (Honors), Marketing

Aug 2013 - May 2016

New Delhi, INDIA
